

There's a smarter way
to do back-to-school
supply lists...

no paper required.

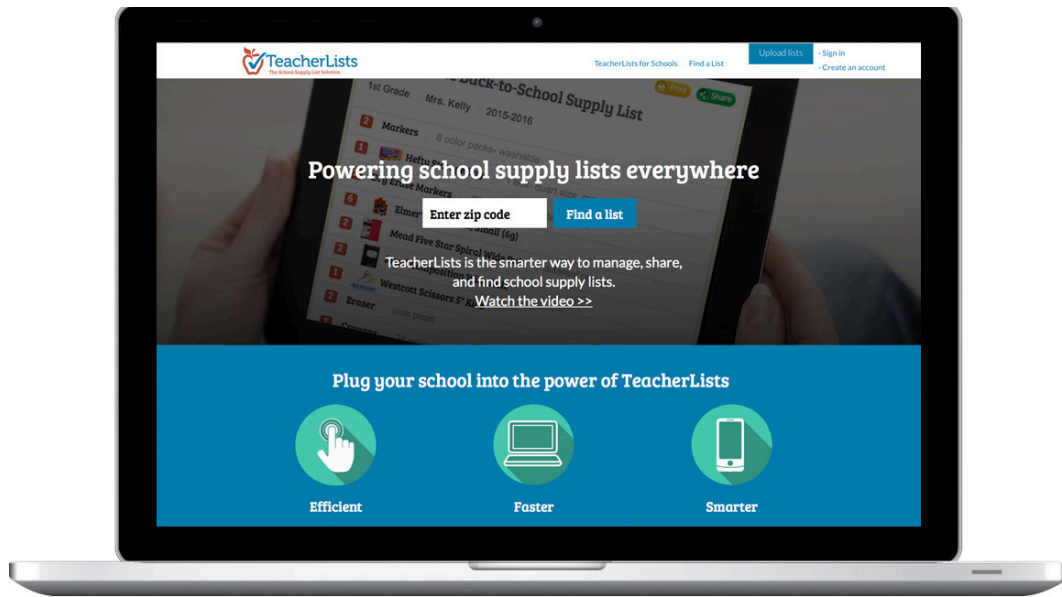

With the online power of TeacherLists, your school can efficiently manage and share back-to-school supply lists and wish lists, at no cost. Simply upload your school's lists and they're instantly available to parents from any device – on your school's website, on TeacherLists.com, and through popular retailers. Plug into the power of TeacherLists today and help your whole school work smarter at back-to-school and beyond.

Plug your school into the power of TeacherLists

Help your whole school work smarter with TeacherLists,
the smarter way to manage, share, and find school supply lists.

EFFICIENT

Upload your school's lists once, and easily manage them year to year with just a click – no more hunting down lists and reposting them on your school website.

FASTER

Lists are instantly available on your school website, on TeacherLists.com, and through popular retailers. That means no more updating your school website or sending paper lists off to retailers and parents.

SMARTER

Lists are mobile-friendly, so parents can easily find and view their lists any time, any place, and from any device – even on their smart phones. Parents will thank you!
