

Find your Child's School Supply List and Classroom Wish List on TeacherLists

Finding your child's School Supply List or Classroom Wish List on TeacherLists is super easy.

Simply go to www.TeacherLists.com and type your school's zip code into the "Find a List" box.

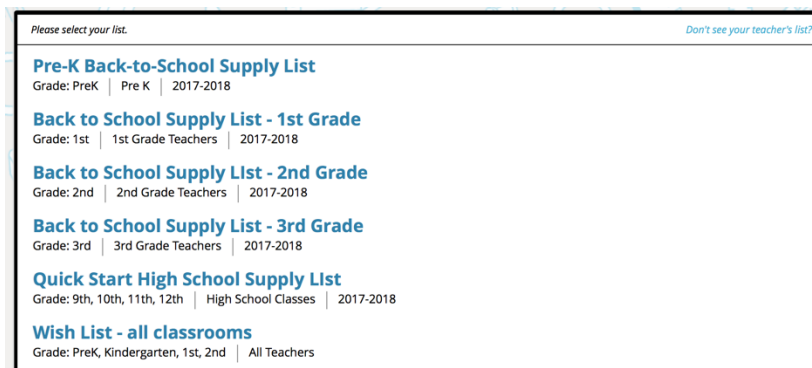

A list of schools for which we have School Supply Lists or Classroom Wish Lists will appear.

Don't see your school? Then we don't have your school's lists yet OR they aren't active. Visit www.teacherlists.com/schools/ to get your school plugged into the power of [TeacherLists](http://TeacherLists.com)!

Once you have located your school, simply click on it and all the lists for the school will appear.

You may notice that there are both Supply Lists and Wish Lists posted for your school.

Supply Lists:

- Typically a list of supplies all students are expected to bring to class, usually at the start of the school year
- Once you know what these items are, you can purchase them at your favorite retailer and your child brings them to school.

Wish Lists:

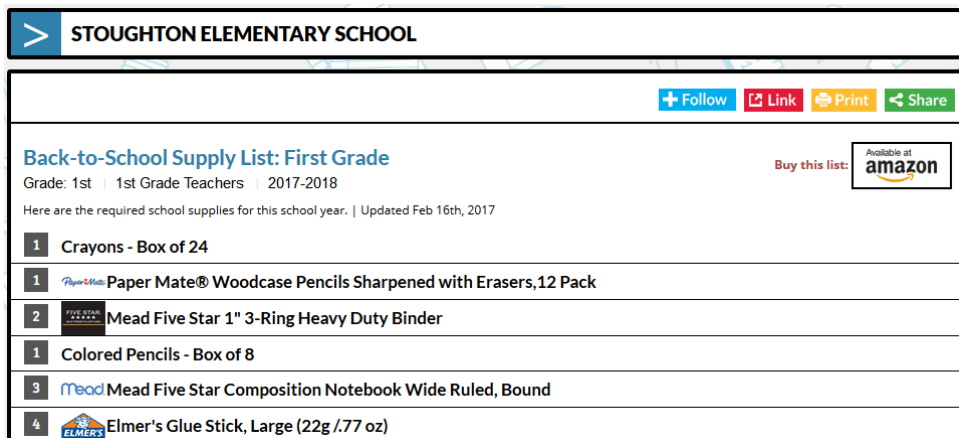

- Suggested items and/or items teachers would appreciate but are not required supplies - not every student needs to bring in every item.
- May include basic essentials used frequently like tissues and pencils, and/or specialty items such as a digital camera or gift cards to a teacher store.

Wish Lists can be used by individual teachers or staff members, grade levels or for groups (PTO/PTA, etc.) within your school. The office staff can even have their own Wish List! **Parents can pledge to donate an item right online – just like a registry!**

When parents pledge an item from a Wish List, the teacher receives an email notification that the parent has pledged the item AND their list will be automatically updated so others will not purchase the same thing. The person pledging will also receive an email reminding them of the item(s) and quantities they have pledged to purchase. Then, the parent can either purchase the items directly through our select on-line retailers OR wherever they prefer, and send it into school often with their child.

Parents do NOT need to have a TeacherLists account to view a Supply or Wish List. However, in order to pledge an item to a Wish Lists, they must have an active TeacherLists account. This allows us to track the pledged items and communicate who's bringing what to the teacher, and prevent problems with inadvertent pledges being made.

After you have identified the list you want to view, simply click on it!

STOUGHTON ELEMENTARY SCHOOL
