

Celebrate Kindness with 100 Acts of Kindness!

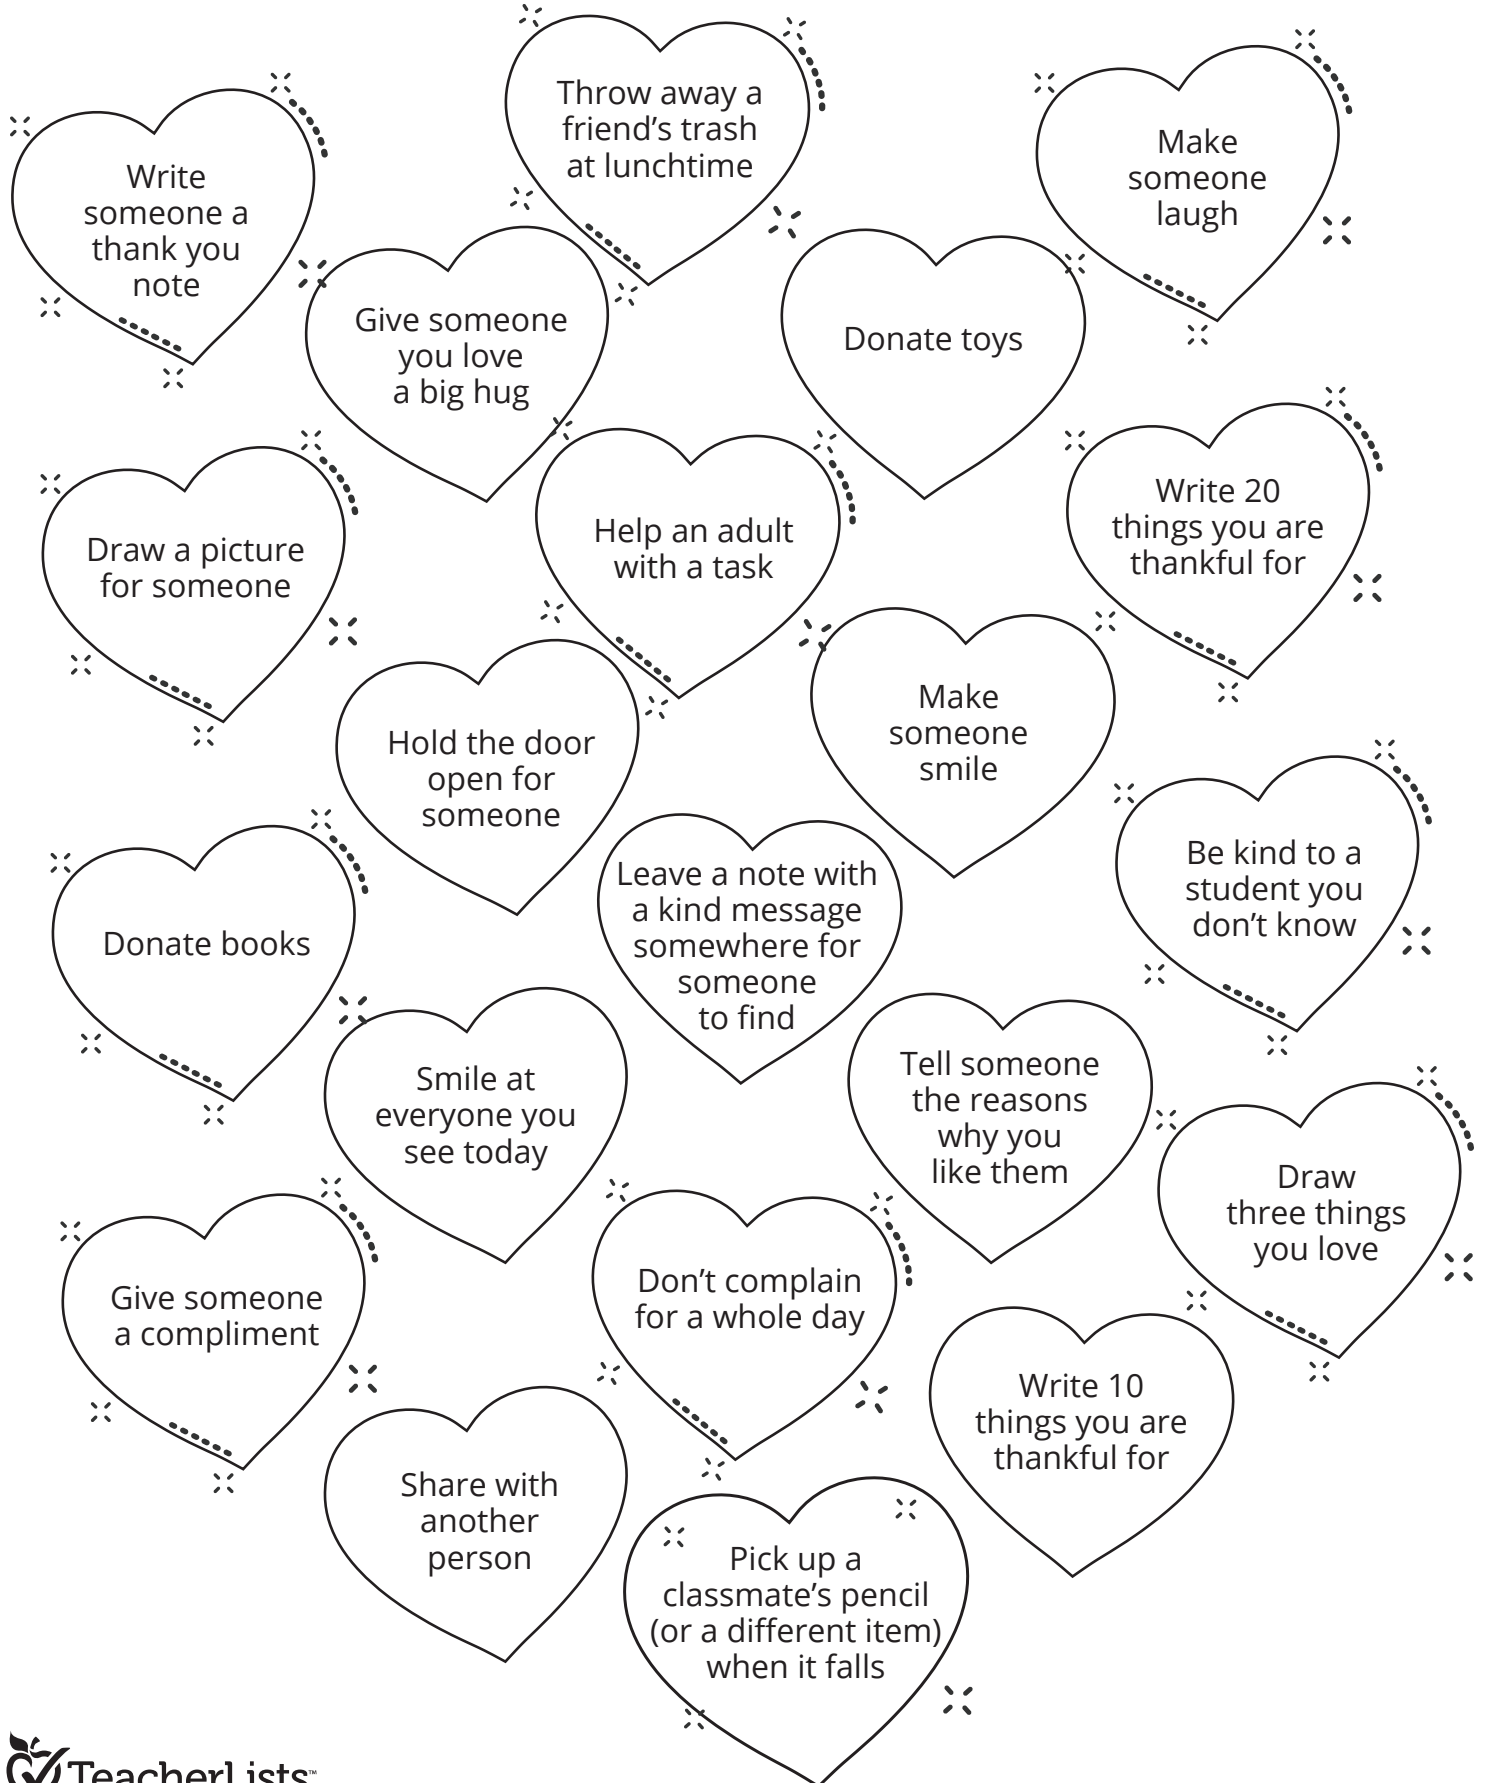

Celebrate kindness in your classroom by completing 100 acts of kindness!

Included are some ideas to get you started. Students can do this on their own, or you can complete it as a class. Challenge students to complete all 100 acts for a prize—if completing it as a class, the reward could be a class party or movie day!

Keep track of the acts of kindness by coloring one of the hearts after each act is complete.
