

Pieces of My Heart

Directions: Celebrate love for Valentine's Day! Invite your students to think about everything and everyone they love. They can brainstorm a list if they want. Once they have a few ideas, allow them to decorate the pieces of their puzzle to fit into their heart. Each piece can be written on or drawn on, depending on their age and how they want their heart to be designed. Once their pieces are designed, they get to piece it back together, gluing it into their heart!

Pieces of My Heart
